

FIRST STEP TOWARD AGREEMENT SUCCESSFUL

TWO OBJECTS NOW SOUGHT BY SOUTH-AMERICAN MEDIATORS

Seek Definite Understanding on Kind of Provisional Government to be Established to Replace Present Mexican Regime and a Guarantee That Agrarian and Other Internal Reforms Will be Made.

NIAGARA FALLS, Ont., May 21.—The three South American mediators let it be known tonight that the first steps toward achieving a bi-partite agreement between the United States and the Huerta government have met with success. The objects now sought are:

First: A definite understanding on the kind of provisional government to be established in Mexico City to replace the present regime.

Second: A guarantee that agrarian and other internal reforms will be put into operation.

With these points settled, the mediators expect to obtain acquiescence by the constitutionalists at a later date through separate negotiations. The mediators learned from the American delegates in an hour's conference late today that the Washington government had approved the course of procedure outlined last night to Justice Lamar and Frederick W. Lehmann covering, it is understood the consideration, first of all of the series of incidents growing out of the arrest at Tampico of American bluejackets.

While it is realized that the United States will demand preparation for the Tampico and subsequent incidents, it is believed here that the substitution for Huerta of a new government capable of observing international obligations would be acceptable to the Washington government.

The selection of the bluejacket incident at Tampico as the starting point for the discussion is in line with the emphasis which has been placed by the mediators on the purposes of conferences. Ambassador da Gama, talking informally in this connection, pointed to the fact that tender of good offices originated with the United States. The mediation had for its principal object the averting of war between Mexico and the United States.

Mr. da Gama indicated clearly that the effort at present was to bring about a satisfactory understanding between the Huerta government and the United States. Later the same programme respecting the solution of the Mexican problem will be submitted to the constitutionalists if such a course seems expedient.

Will Not Answer Carranza's Note. Such a solution though agreed upon first by the United States and the Huerta government also would have the moral support of all Central and South American countries which have openly given their approval to the mediation idea. While the mediators regret that the constitutionalists have no voice at present in the conference they recognize that their efforts may be favored by their ability to deal now with only two parties to the Mexican situation.

No present intention is entertained by the mediators of answering General Carranza's last communication in which he inquired what the exact functions of his representative would be and precisely what points would be discussed at the mediation.

In view of the unconditional acceptance by the United States and General Huerta of the tender of good offices without making any inquiries the mediators did not feel that it would have been discreet on their part to have revealed their plans to the constitutionalists in advance of the conference.

Regard Dealings Closed. The mediators regard their own communication to General Carranza withdrawing the invitation to participate in the conference here as closing their dealings with him for the time being. Even if the mediators are unsuccessful in their later proposal to receive acceptance by the constitutionalists of their plans for a new provisional government in Mexico, they believe their labors will not have been in vain if they prevent a resumption of hostilities with the United States.

The mediators on the other hand are watching with close interest the rapidly moving military campaign of the constitutionalists and are in hopes that they will be able to present a definite plan for the reconciliation of all factions in Mexico before the invading army from the north succeeds in menacing the Mexican capital itself.

The mediators are encouraged by the fact that the Mexican delegates have full powers to act on all questions affecting the internal as well as international peace of their country. Although certain vital points will have to be referred General Huerta for decision the feeling prevails, however, that the Mexican executive has practically placed the solution of the problem involving his own elimination if necessary in the hands of his agents here.

EXPLAINS PROPOSED PLAN FOR ROAD'S REORGANIZATION

Chairman of Board of Directors of Wabash Railroad on Witness Stand Before Missouri Public Service Commission.

St. Louis, May 21.—Winston Pierce, chairman of the board of directors of the Wabash railroad, spent four hours on the witness stand today before the Missouri public service commission explaining the proposed plan for the road's reorganization.

Public service commissioners from Ohio, Illinois and Michigan were also at the hearing. Mr. Pierce went into detail as to the part Kuhn, Loeb & Co., would have as the banking syndicate that had agreed to underwrite the reorganization plan.

He explained that if the holders of the preferred and common stock of the present company do not exchange their holdings for common stock in the new company and pay an assessment of twenty dollars a share on their present holdings the syndicate would take over the shares on which assessments were not paid, pay the assessment and receive a share of common stock for each twenty dollars paid. That George J. Gould and others representing the Missouri Pacific-Iron Mountain holdings of Wabash stock were opposed to the reorganization plan was stated by Mr. Pierce, but no representative of the Missouri Pacific seemed to offer any formal objections.

More than \$18,000,000 is to be obtained by the stock assessments making new cash for the reorganized company \$38,880,000.

Mr. Pierce explained that arrangements had been made for the acquisition by the reorganized company of 20,000 acres of coal land in Christian county, Illinois, at \$30 an acre, to assure a fuel supply for the railroad.

Mr. Pierce will resume his testimony tomorrow.

DOWN-STATE FORCES COMBINE AGAINST CHICAGO "DOMINATION"

Down State Delegates of State Medical Society Make Clean Sweep of All Officers.—Next Convention to Meet in Springfield.

Decatur, Ills., May 21.—Friction over the so-called "domination" by the Chicago delegation of this convention of the Illinois state medical society developed into a stirring fight for offices in the house of delegates in a final session today—the downstate forces combining to make a clean sweep of all officers. Dr. C. W. Lillie of East St. Louis carried off the chief plum, the presidency-elect, that office being filled each year by the man elected at the previous year's convention. Other officers were:

First vice-president, Otto Freer, Chicago.

Second vice-president, E. J. Brown, Decatur.

Treasurer, A. J. Morker, Belleville.

Secretary, W. H. Gilmore, Mount Vernon.

No action was taken on the proposed plan of naming Springfield the permanent meeting place, that being referred to the public committee which will consider the idea purely on its merits and not with reference to any one city.

Springfield was awarded the 1915 convention however, with Bloomington the only other bidder.

Dr. A. B. Dittin of Athens, Ills., in his address following the induction ceremonies advocated division of the society in its conventions into more sections to include the surgery, medical hygiene and eye, ear, nose and throat divisions. He said one of his chief aims would be to better conditions in the smaller subordinate societies of the state.

The Illinois State Surgical society was organized to combat what was termed the "autocratic" policy of the American College of Surgery, which is working to restrict medical practitioners performing surgical operations of any sort.

ROOSEVELT HOLDS POLITICAL CONFERENCE AT OYSTER BAY

Colonel's Tentative Plans for Campaign Trip From the Atlantic to the Pacific are Approved.

Oyster Bay, N. Y., May 21.—The most important political conference in which Colonel Roosevelt has participated since the close of the campaign of 1912 tonight brought together representatives of New York, Pennsylvania and Ohio, in which states the colonel probably will do his hardest fighting this fall.

At the meeting were George W. Perkins of New York; Walter Brown of Ohio; Gifford Pinchot, and E. A. Van Valkenberg of Philadelphia. It was decided definitely that the tentative plans for Colonel Roosevelt's campaign should be adopted. This tour probably will take the former president into almost every state of the union. After the meeting Colonel Roosevelt dictated a statement which was interpreted as indicating that, in one state at least, he will carry the fight into the ranks of the Republican party by appealing directly to its members by ignoring their past affiliations and go with the Progressives. His statement was made with particular reference to the situation in Pennsylvania, where Senator Penrose is opposed in his fight for re-election by Mr. Pinchot.

They will continue in this manner until a point is reached where benefits might come from a full conference such as was inaugurated at the first formal session yesterday.

CHARGE CONSPIRACY TO DEFAUD GOVERNMENT

STEEL PLACED IN PANAMA CANAL LOCK SAID TO BE INFERIOR QUALITY

Five Former Officers and Employees of Carbon Steel Co. Are Indicted on Charge of Conspiracy to Defraud the United States.—Immense Locks at Dams in Canal Liable to Collapse at Any Time.

PITTSBURGH, May 21.—The indictment of five former officers and employees of the Carbon Steel company on a charge of conspiracy in connection with the steel furnished for the locks in the Panama canal was recommended by the federal grand jury here today. It is alleged that the steel furnished was of such an inferior quality that the immense locks at the dams in the canal are liable to collapse at any time causing heavy loss of property and probably lives.

The men named are Samuel M. Wetmore, David J. Simpson, Dennis K. Bullens, Henry Lutz and James E. Lacy. Two others, W. R. Lyons and Fred Schoppe, were also named in the indictment but the grand jury recommended that no indictment be found against them as they gave valuable testimony. The presentment reads as follows:

That the above named did on September 14th, 1911, unlawfully and feloniously conspire, combine, confederate and agree together with divers persons corruptly to defraud the United States.

The grand jury requested that the court direct United States District Attorney E. Lowry Humes to lay before it a bill for indictment, more particular and at length setting forth the alleged violations of law by the men named. District Attorney Humes stated he would present the indictment tomorrow.

Ends of Plates Highly Tempered.

It is claimed that Wetmore, who was superintendent of the Carbon Steel company in 1911 and Bullens, who was metallurgist, together with the other men, conspired to defraud the government by furnishing an inferior quality of steel to be used in building the locks in the Panama canal. It is alleged that a steel was furnished and that the ends of the large beams and plates were tempered highly so that when the government inspector would chip off an end to analyze he would get a sample that was of the best kind of steel, while the balance of the beams and plates were of inferior quality.

The plant and offices of the Carbon Steel company are in this city.

The officers of the company are: President, Charles McKnight; vice president, Gilbert G. Thorne; George S. Macrum, secretary; D. E. Corbett; treasurer, Dean R. Wilson.

Mr. Wilson stated tonight that President McKnight was the only present official of the company who was connected with the Carbon Steel company at the time of the alleged fraud. He referred to those seeking information to McKnight.

Mr. Wilson volunteered the information, however, that but two of the men named in the presentment were employed by the Carbon Steel company at the present time, Samuel M. Wetmore, former superintendent, he said, is now manager of sales. The other man not named, held a minor position, he said.

CONSTITUTIONALISTS PREPARING TO SEND A REPRESENTATIVE

Rebel Delegates Will Go to Niagara Falls to Confer With South American Mediators.

Washington, May 21.—The constitutionalists are preparing to send a representative to Niagara Falls to confer with the South American mediators who are endeavoring to settle the Mexican problem.

This will be done with the distinct understanding that the representative is to give information as to General Carranza's purposes, without committing the constitutionalists to any plan for the pacification of Mexico that the mediators may determine upon.

Jose Vasconcellos now at Montreal on a financial mission for General Carranza is understood to be the man chosen to go to Niagara Falls. It was said tonight by men in close touch with the constitutionalists that he would arrive there within the next few days.

TRIAL OF STATE BACTERIOLOGIST COMPLETED BY STATE COMMISSION

Dr. Charles E. Gabel Suspended on Charges That He Neglected His Duty in Investigating Jacksonville Epidemic.

Chicago, May 21.—Trial of Dr. Charles E. Gabel, Illinois State bacteriologist, by the state civil commission was completed today. The commission will announce its verdict within two weeks.

Dr. Gabel was suspended by W. Scott Matthews, state food commissioner and his dismissal asked on charges that he neglected his duty in investigating a sore throat epidemic in Jacksonville, Illinois.

FACE MURDER CHARGE. Danville, Ill., May 21.—Harry Brown and Minnie Lee, colored, were arrested here this afternoon as they were changing trains enroute to Terre Haute, Ind., and were tonight returned to Bloomington to face the charge of murdering Elson Spencer in that city last night.

SENATOR ROOT FAVORS REPEAL OF PANAMA TOLLS EXEMPTION

Republican Member of Foreign Relations Committee Holds Senate's Attention For Five Hours, Speaking in Support of Repeal Bill.

"Further urgent deficiency" appropriation bill aggregating \$6,770,632, debated.

Representative Kahn, California, Republican, made speech portraying increased cost of military rationals as evidence of higher cost of living.
Adjourned at 6 p. m., until 11 a. m., Friday.

Washington, May 21.—Senator Root, Republican member of the foreign relations committee held the senate in attention for five hours today, speaking in support of the repeal of Panama tolls exemption.

As the New York senator sat down, Senator Kern, Democratic floor leader led the applause from the floor and spectators in the galleries joined him.

The burden of the speech was to prove that the Hay-Pauncefote treaty provided that the treatment accorded by the United States to its own citizens in the use of the Panama canal must be the same as the treatment to be accorded the citizens of all other nations.

Senator Root declared that the United States always had insisted on this broad principle of equality and insisted that the understanding of Henry White, Joseph Choate, John Hay and Theodore Roosevelt, the Americans who negotiated the treaty was that the equality mentioned in the convention was the broad equality which had marked American diplomacy. Taking up the specific question of exemption of American coastwise vessels the senator said the law of 1912 granting this exemption violated the equality guaranteed by the treaty. This was true, he argued, because on real coast-wise trade of the United States could pass through this canal, 1,900 miles away and consequently what the law did was to exempt a class of American overseas trade without at the same time exempting the like overseas trade of other countries.

The senator declared that he was voting for repeal now because in his judgment of senators most able to judge, the senate would not vote to arbitrate the dispute.

"Right or wrong," he said, "if we decided this in our favor and refuse to arbitrate, we are discredited and dishonored. We have repudiated our own principles. Now let any senator who votes against repeal take the responsibility of leading his country into that position. If every constituent of my mine was looking forward to lower freight rates, I would not so lead my country. Had I in my soul all the nation hatred taught in my youth, I would not do it."

He added that the United States should wait for all the nations of the world to protest against the exemption, because the United States must be the keeper of its own conscience and act on its own judgment without waiting for protests. If he were right as to the interpretation of the treaty, he declared, he would not favor exemption even if Great Britain gave its consent, because the question was broader than the rights of Great Britain.

BECKER'S FATE WILL BE PLACED IN HANDS OF JURORS BY NOON TODAY

Last Testimony is Taken, Whitman Completes His Arguments and Justice Seabury Will Charge Jury This Morning.

New York, May 21.—The jury which is to determine whether Charles Becker conceived the plot that resulted in the murder of Herman Rosenthal will have the case in its hands before noon tomorrow. The last testimony was taken this morning and this afternoon Martin T. Munton, Becker's chief counsel delivered his address to the jury.

Late tonight District Attorney Whitman completed the presentation of his arguments favoring the conviction of the formal chief of the "strong arm" squad of murder in the first degree. Justice Seabury will charge the jury tomorrow morning.

OFFICER OF DEFUNCT BANK TESTIFIES

Assistant Cashier of Tonica Bank Admits Knowledge of Worthless Asset Carried.

Ottawa, Ills., May 21.—W. J. Ebnor, assistant cashier of the defunct Tonica Exchange bank, testifying before the referee in bankruptcy today, said that he had known since 1909 that the assets which he considered good were \$150,000 less than the assets.

J. C. Lambert, an inventor, brother-in-law of John Hartenbauer, president of the bank, testified that he had signed notes for \$38,000, which the bank carried as assets and which were practically worthless.

WOMEN ATTEMPT TO PETITION KING

ENGLISH MILITANTS MAKE ATTACK ON BUCKINGHAM PALACE

Expected Assault Comes From Unexpected Quarter and Squad of Women Led by Mrs. Pankhurst Surprise Police—Combat Results in Arrest of Many of the Women.

LONDON, May 21.—An attempt by "just women" to present a petition to King George precipitated the fiercest battle in the history of the militant movement at the very gates of Buckingham palace today. The thousands of onlookers suffered almost as much as the fighters, as the people waited in the hot sun for two hours for an attack on the palace, which eventually came from a totally unexpected quarter.

An assault from the direction of Westminster where the suffragettes had advertised that they would form a parade, was expected. Instead a small body of women known for their militant records, burst from a private residence on Hyde Park corner and forced their way through the archway at the top of Constitution Hill before the small squad of police on duty there had time to collect and resist them.

Mrs. Pankhurst and Miss Sylvia Pankhurst, the flying squad of women swept down the hill towards the palace, but when half way along they met the most hated enemy of the militants in the person of Inspector Riley, who has charge of the suffragette detail, at the Scotland Yard police headquarters. The shock of combat was short but sharp and resulted in the arrest of many women who in the fighting used clubs with a facility which betrayed long training. The roadway had just been sprinkled with water and many mounted policemen were thrown. Their comrades on foot rolled with them in the mud, but eventually the strength of the policemen told and in a few minutes more than thirty women, including Mrs. Pankhurst, had been placed under arrest, while the others had been scattered into small groups.

Sylvia Pankhurst Arrested. One group headed by Miss Sylvia Pankhurst reached a point almost across the drive from the palace where mounted police surrounded the women and placed Miss Sylvia and several of her comrades in custody.

The crowd at this point was so dense that the attempts of the police to clear the drive were without success until recourse was had to water sprinkling cars which ruined many of the fine gowns of the fashionable spectators who had gathered to watch the battle.

This caused the police to lose their popularity with the crowd, which up to that moment had cheered them on.

Several members of the house of commons among the spectators denounced the police for not adhering to their promise to treat the women with gentleness.

The police retorted that the terrifying onslaught of the militants had left them no alternative.

For two hours after the conclusion of the main battle the police were engaged in breaking up small groups of women who had spread over the surrounding district. The casualties were not numerous, consisting of a few broken heads but much harm was done to the uniforms of the police and to the dresses of the women.

At no time were more than a couple hundred women engaged in the battle while opposed to them was a force of 1,500 police.

Buckingham Palace resembled more a mobilization center than the peaceful home of royalty. Two ambulance corps were on the scene and both male and female nurses found plenty to do with cases of fainting among the spectators.

With the exception of a few minutes when King George stood at a window watching the preparations to defend him from the attentions of the women the palace presented a deserted appearance.

A police inspector said that when Mrs. Pankhurst was arrested he carried her inside the park gate and she shouted:

"That is right. Arrest me at the gates of the palace. Tell the king."

ONE "LAST DITCH" BATTLE MAY END PRESENT REVOLUTION

If News That Sattillo Has Been Evacuated Is True, Constitutionalists See Conclusion of Revolutionary Movement.

Juarez, Mex., May 21.—"One last ditch" battle, fought by the federalists with their backs against a wall, will conclude the present revolutionary movement in Mexico, if the news that Sattillo has been evacuated by the federal garrison last night be true, according to constitutionalists authorities here.

The official news of the evacuation was brought here today in a message from General Philippe Angeles, constitutionalist minister of war, to the local junta. The probability now is that the final battle of the present revolution will be fought at Queretaro instead of Mexico City.

General Zaragoza and all the federal troops who retreated from Tampico are declared to have marched in a southwesterly direction, intending to make a junction with the federal column which evacuated Tuxpam and to strike across the western portion of the state of Hidalgo to Pachuca, where they could reach the railroad and make their way to San Luis Potosi.

General Carrera Torres is said already to hold a position within the outskirts of that town and it is possible he may occupy the city before the fleeing federalists from Sattillo can straggle in. San Luis is not so well adapted for a strenuous defense as Sattillo and it is believed the federalists also may evacuate that point.

The next move of Villa's army, it is said, undoubtedly will be toward San Luis Potosi but that move will not be a hurried one. General Torres is believed to have the situation well in hand there.

The news that an army of 5,000 constitutionalists has occupied Tepic with a loss of 400 killed and an unknown number of casualties among the federalists and have begun an advance on Guadalajara has been received with much rejoicing here.

The capture of Tepic, it is declared, was accomplished after a bloody struggle. Although the losses of the federalists are uncertain it is known 200 of them were taken prisoners. Mazatlan is said to be in a state of panic today. Back of the city the constitutionalists are closing in and the terror of their approach is augmented by the pressure in their ranks of 700 Indians in war paints, whose fighting ability is well known.

AMERICAN WOMAN FOUND IN DYING CONDITION ON TRAIN

Mrs. Mary E. Flavelle of Chicago Declares Young Italian Entered Compartment, Shot and Robbed Her.

Florence, Italy, May 21.—An American woman, Mrs. Mary E. Flavelle, of Chicago, was found in a dying condition in the compartment of a train when it arrived at Arezzo from Florence today.

The woman had been shot through the right temple and was removed to a hospital. In a pocket under her skirt a pocketbook was found with a letter of credit for \$1,300 from a Chicago bank which had been cashed in part. No handbags, ticket or letters were found, but a baggage label with the name "Mrs. Flavelle" was picked up and on the seat lay a visiting card bearing the name "Miss Blanche Marie Harcourt" with bloody finger prints. The woman's handbag was found later alongside the track.

At the hospital the woman was revived sufficiently to say she was alone in the compartment when a young Italian entered the compartment and shot and then robbed her. Efforts to extract the bullet were unsuccessful and tonight Mrs. Flavelle lapsed into a state of coma.

It is supposed that the crime occurred in the tunnel which lies outside of Arezzo. It was along the tracks at this point that the valise and a pair of woman's gloves, stained with blood, were found.

Was "Charity and Settlement Worker." Chicago, May 21.—Mrs. Mary E. Flavelle, a charity and settlement worker here, left October 1st for a trip around the world. The last letters came recently from Rome and told of a contemplated trip to Florence. She had been active in various charities for the last thirty-five years.

"UNCLE JOE" CANNON CANDIDATE FOR CONGRESSIONAL NOMINATION

Will Begin Campaign in Hope of Unseating Representative Frank T. O'Hair, the Present Incumbent.

Danville, Ills., May 21.—Formal announcement was made this afternoon by Former Speaker Joseph G. Cannon of his candidacy for the congressional nomination in the eighteenth district, at a meeting of the Republican congressional committee held at his residence. After the conference he announced that he would at once begin a vigorous campaign in the hope of unseating representative Frank T. O'Hair, the present Democratic incumbent.

Progressives are planning to have Colonel Theodore Roosevelt deliver one or two speeches in this district in opposition to Cannon.

Progressive leaders claim they have received assurances that in case Roosevelt makes the extensive campaign now being planned he will be glad to visit this district to oppose Cannon as he did two years ago.

SUGGESTS GOVERNMENT CONTROL AS SOLUTION

MELLEN SUGGESTS SOLUTION OF AMERICAN RAILROAD PROBLEM

Witness Declares There Must Be a Monopoly to Get Economy and Efficiency and That U. S. Government is Certain to Be That Monopoly—Tells of Steamship Transactions.

WASHINGTON, May 21.—An absolute monopoly of transportation under government regulation and control, was suggested by Charles S. Mellen, former president of the New Haven railroad to the interstate commerce commission today as the solution of the American railroad problem.

"To get efficiency and economy," declared Mr. Mellen, "there must be a monopoly and that monopoly is certain to be the United States government."

A little later he remarked, "in every time a railroad official comes to Washington, he has to take off his hat to some government official."

Mr. Mellen appeared to have recovered entirely his evident fatigue of yesterday when he appeared before the commission today to resume his testimony. He was verile and active and responded to the grueling line of interrogatories directed at him by Chief Counsel Joseph W. Folk vigorously and promptly.

He told at length the story of his steamship transactions with Charles W. Morse. Concerning these Mr. Mellen explained, he felt it desirable to confer with Colonel Roosevelt who then was president of the United States. He told the president that he had received an offer of \$200,000 from Morse for the New Haven Steamship holdings and felt inclined to accept it, because thus the New Haven would be able to turn the property into cash. Mr. Roosevelt, he said, apparently was anxious that Morse should be checked in his ambition to acquire a monopoly of the steamship lines and urged Mr. Mellen not to sell.

Mr. Mellen said he was frankly apprehensive at that time of the enactment of a law by congress to prevent railroads from owning or controlling water lines but he was assured by Mr. Roosevelt that, so long as the law remained as it then was, the New Haven need have no fear about its water line holdings.

In the acquisition of various trolley lines in New England Mr. Mellen said he had proceeded upon the theory that transportation particularly through densely populated sections might better be handled on electrified lines than on steam roads.

Was "Fired" From Presidency. When asked why he relinquished the presidency of the New Haven, Mr. Mellen said he "practically was fired."

"Did you have any relations with public officials?" he was asked.

"I always tried hard to keep away from them. And I want to say there is not so much effort on the part of railroads to have relations with elected officials as there is on the part of those officials to have relations with the railroads. I think if an absolutely unscrupulous person were at the head of a large railroad and had the knowledge, ability and where-withal, he could accomplish almost anything."

"Do you think your salary of \$60,000 was too much?"

"Yes I do. I think \$25,000 is enough for any railroad president and if he hasn't the ability to live on that he ought to go somewhere else."

"You regard control by one man as a good thing?"

"That is a misnomer. I had more bosses when I was president of the New Haven at a salary of \$60,000 than when I was a clerk at \$50 a month."

"The main force was Mr. Morgan, was it not?"

"The great force in the world is brains and Mr. Morgan had them," replied Mr. Mellen, squarely.

"What would the meeting of the directors of the New Haven have been like without Mr. Morgan?"

"About as tame as a lot of cows without a bull."

Mr. Mellen will probably resume the stand tomorrow.

WILL DO NO CAMPAIGNING.

Springfield, Ill., May 21.—United States Senator J. Hamilton Lewis left this afternoon for St. Louis enroute to Washington. He let it be known he would take no active part in the Illinois senatorial struggle until after the adjournment of congress in July.

AGED PRENTICE RESIDENT IS VISITING IN THE CITY

David Travis Has Passed the Century Mark—Came to Illinois When 7 Years Old.

David Travis, who probably has the distinction of being the oldest resident of Morgan county, is visiting at the home of his niece, Mrs. C. J. Price on Henry street. Mr. Travis is a resident of Prentice and is 100 years and 5 months old. Although at that advanced age Mr. Travis is quite active and a man who was talking with his yesterday gessed his age at 80 years.

Mr. Travis was born in Overton county, Pennsylvania, December 14, 1813, and came to this county when only 7 years of age. When he arrived in Jacksonville there were only two stores here, one conducted by David Robb and the other by a Mr. Blbb. He was one of a party that came west in a train of ten wagons and since coming here Mr. Travis has never met any of the party. He well remembers the time when the railroad trains went through the square and when the court house was on the north side of the track. At that time Murray McConnell was supposed to own the square. In those days a wooden plow was used in the fields and Mr. Travis said that he raised good corn in fields he plowed with that kind of an instrument. He expects to return to his home in Prentice in a few days.

THE GREEK REVIVAL.

The "Athens of the West" has produced its first Greek play, but not its last, let us live to hope. I wonder if the people of Jacksonville understand just what it means and appreciate what has been done by those who give so liberally of their time and interest to such things. The Greeks took their arts more seriously than we. But isn't it good to have our attention turned once in a while to something higher than weights and measures and neighborhood affairs?

Greek plays have been revived before, but generally with neglect to the chorus feature, and never that I know of with the odes sung to music specially composed for the occasion, and played by an orchestra of the character of the one used here. It was something accomplished to have made the chorus practical. The invocation in Greek was also an inspiring feature.

"The Elektra" of Sophokles is a most difficult piece to enact, the dramatic character of the dialect inflicting a terrible strain on the actors. I had wondered that an easier play was not selected for the first, but the success of this has justified the choice and demonstrated the talent of various sorts that we have right at our doors.

The fact that the affair was no child's play, but a matter of high artistic import, affords excuse. I take it, for differences of opinion as to its interpretation. Not to go into details, I would say only that in evidence during the action—it distracted attention from the speeches. And I'm afraid that Aegisthus had a fair chance for escape at the very end, if he had been of mind to seize it.

There is one thing to regret about such an entertainment, that is, that it cannot be given absolutely free from extraneous impressions. The illusion is marred by the publicity of the spot, the obvious impermanence of the properties. In this the performance of Iphigenia last year had the advantage of being given at night, the obscurity and the never again canopy of heaven enhancing the illusion. I also think the orchestra might better have been screened back of the "palace", where too it could have rendered something incident to the idea of the queen's entertaining the stranger who brings news of Orestes' death. The music "offstage" at this point would have deepened the tragic effect outside. And I was disappointed not to hear the chorus accompanied by the flute or the oboe alone. The oboe would have been an ideal touch—I had almost said that a chorus without the accompaniment of the "English" horn was not "Greek".

Anyhow, I hope this is the beginning of something good. Why not a Greek theatre established here as a permanent institution? There are several spots of ideal situation and beauty crying for the distinction. The first that suggests itself is Nichols Park, where the water of the lake could be made to serve as a medium in some representations and as a scenic accessory in others. Such a structure would serve purposes that nothing else could. The utter inadequacy of the provision for the "Midsummer Night's Dream" given at the chautauqua last summer—the same performance at the Woman's College several years ago was superior in every way—is an evidence of our needs in that line. The structure would not have to be devoted exclusively to Greek plays, though I should like to stipulate that it be honored by one Greek play a year at least.

Or why not have a festival with prizes offered for the best poem, the best song, the best story, the best play, etc., all to be produced on that occasion? We encourage business and trade—shall we continue to let our local talent go begging or seeking foreign fields? We have singers, readers, composers, writers, actors, (also bands and orchestras) that have accomplished things abroad, yet we do little to encourage them in their madness beyond permitting them to give an occasional concert under their own auspices.

We have our "Chamber of Commerce", why not an "Academy of Arts"? It ought to be a committee or board of persons of executive ability as well as artistic discernment. Its object should not be financial profit, except in the way of nominal prizes to stimulate effort. And all admittance fees should be reduced so far as compatible with paying all expenses with the proceeds. It should be popular in every good sense of the word. For my part, I would bar all advertising, remove the affair as far as possible from anything that savors of commercialism, the such matters could well be left to the discretion of the board.

In fine, I don't believe that the community would fail in the support of the undertaking. And I am more than confident that our artists would do things to be proud of, and that it would operate to spread the renown of Jacksonville.

TO SEND REMAINS TO HAMMOND

The remains of Miss Elizabeth Wren will be sent to Hammond this morning at 8:25 o'clock via the Vabash, where funeral services will be held and interment made.

Coroner George W. Wright held an inquest Thursday at which the jury returned a verdict that death was due to heart failure superinduced by stomach trouble. The jury was composed of W. F. Fanning, foreman; M. S. Harmon, Arch Norris, W. H. Kitner, Joseph Sample and Edward G. Saye, clerk.

CONSIDER MERITS OF RIVAL ROADS FOR OCEAN-TO-OCEAN HIGHWAY

Springfield Residents Visit Jacksonville on Prospecting Tour—Consider Claims of Old State and Morton Roads.

The rival claims of the Old State and Morton roads as a part of the proposed "Ocean to Ocean" highway is under investigation by a company of Sangamon county road men who paid Jacksonville a visit Thursday. The road men seemed divided on the question and will have to investigate further before making their recommendations. The party included Edward White, county highway engineer of Sangamon county, J. W. Vorhes, J. W. Bixler, H. H. Hall, H. B. McVeigh and W. H. Odiorne, all of Springfield and W. M. Summers of Curran.

Although a part of the company seemed to favor the state road, local men who have given the matter attention favor the more southern route. The money available for improvement is limited and it would be expedient, say many, to have the line of the proposed sea to sea highway follow the state aid roads. Sangamon county is preparing to improve a road which leaves Springfield south of the state road, runs through Curran west and connects with the Morton road. As neither Sangamon nor Morgan counties will be able to improve many miles of highway this year, it would appear the wiser course to select the route for which state aid has been promised already, although the state road will no doubt be improved at a later date.

Announcement has been made of a booster road meeting at Griggsville June 25, at which particular attention will be given the route from this city west. A meeting of the Springfield and Hannibal Highway association was held last Monday in Springfield and Fred A. Stone of the Public Improvement club of Griggsville extended the invitation for this meeting which will be held at the Illinois Valley Fair grounds. It was agreed to invite the governors of Illinois and Missouri to be present as well as the highway commissioners of the two states.

The Straw Hats shown by FRANK BYRNS Hat Store, are of so wide a range in styles and prices that any man can not fail to be pleased.

MRS. FISKE COMING SATURDAY.

One of the most welcome events of any dramatic season is the coming of Mrs. Fiske. There is ever something new in the art of this leader of the American stage, and there is always, too, something new in the medium chosen for the exploitation of her remarkable gifts. It will, therefore, surely be a genuine and a general welcome that will be extended to her upon the occasion of her appearance at the Grand opera house Saturday, May 23rd.

While "Mrs. Bumpstead-Leigh" has not been seen in Jacksonville, doubtless much has already been heard and read of this first effort of a new playwright, which kept New York laughing throughout the engagement at the Lyceum theater, in the spring of 1911, as no other play has done in years. Right royally was Harry James Smith welcomed into the ranks of writers for the stage, and Mrs. Fiske's double characterization of the social boundary whose place of nativity was Missionary Loop, Ind., but who, when the play opens, had progressed to a strong position in English society and a hyphenated name, was declared a supreme joy.

Mrs. Fiske's own work, broadly and richly humorous as it is, differing so completely from any that she has formerly given to the stage, serves to again demonstrate her practically unlimited artistic capacity, and to make one wonder whether there ever can be any histrionic depths which she will not sound.

RUN-DOWN PEOPLE

Let Vinol Make You Strong. Run-down conditions are caused by overwork, worry, too close confinement, a chronic cough or cold which it is difficult to cure.

We want to say to every person in this condition—you need Vinol, our delicious cod liver and iron tonic without oil, the great strength creator. It will supply iron to the blood in the most easily assimilated form, create healthy appetite, strengthen your digestive organs and make you eat better, sleep better and feel better.

A case has just come to our attention from Racine, Wis. Mrs. W. H. Brill says: "I was in a very bad run-down condition. Life was not worth living. I could not sleep—I was nervous and not able to work—and doctors failed to help me, but Vinol did wonders for me. In a short time I was stronger than ever and had gained 22 pounds."

We are confident that Vinol is the best body builder and strength creator we have ever sold. Try a bottle on our guarantee to refund your money if it fails to benefit you. Lee P. Alcott, Druggist, Jacksonville, Illinois.

ON VARIED THEMES.

Local advocates of public bathing beaches have under way a movement looking toward the establishment of a beach at Nichols Park, where a person can enjoy a cool plunge during the hot summer afternoons and evenings, and it is understood that the matter is to be presented to the Park Board in a short time. A year or two ago a well known business man offered to put in a sand and gravel beach at the lake, build a bath house and put in other improvements, providing that the Park Board would allow him the privilege of renting suits to bathers and it is said that this offer will be renewed.

Parties interested in the matter point out that Galesburg has such a beach in just such a lake as that at Nichols Park and that bathing in it is good during the entire summer, excepting in times of exceptionally dry weather. They also state that even last year, which was unusually dry, the water was good until late in the summer. This beach is conducted by private parties, much the same as refreshment privileges are given at the local park.

The fact that the Board of Education has not held a meeting for the appointment of teachers and the time of such a meeting is not definitely known is causing a good deal of anxiety among teachers. While it is not likely that a great many changes will be made in the teaching staff, judged by the record of former years, there will be some changes and it seems only fair to a teacher who is to be released, to give her notice early enough to permit of a chance of appointment in some other school. Practically all the county schools have employed teachers and in most nearly cities this matter has also been given attention.

The reason for the delay here is the absence of Mr. Bayington of the second ward, who has been in Chicago for several months and who continues to keep the board in darkness as to his exact intentions. He has written a time or two that he expected to return to Jacksonville soon. Other members of the board maintain that they are reluctant to go ahead with appointments in his absence because they say that this would not seem to be fair to the second ward. The plans for summer improvements are usually considered about this time of the year and on this point as well other members say that the second ward should have representation. Unless something definite can be learned from Mr. Bayington soon it is said to be the intention of some members of the board to ask the board that a formal notice be sent to the city council suggesting that vacancy on the board exists.

The electric pump for which the city recently contracted and which is to be used at the Widenham-Daub wells, has arrived and the work of installing it has already begun. Some other work is also in progress at the wells, as Commissioner Brown was authorized by the council some time since to change the underground piping at the wells with a view to increasing the flow. The plan he made showing the underground arrangement made it clear that when all the pumps were in operation that the flow was not as great as when one or two wells were idle. The reason for this paradoxical situation was that with the arrangement used one well worked to the disadvantage of another. The pump will be changed to obviate this difficulty and it is likely too that another well will be sunk.

The installation of the pump will make it possible to use these wells regularly as a source of supply if the flow continues to be as satisfactory as it was during the dry period of 1913. The power arrangements at the city plant are ample to provide current for this pump.

A movement is on foot among some merchants and some employees to arrange for half day closing once a week during the warm summer months. This plan has been followed in Springfield as well as a number of other Illinois cities for several years and it is said that the results have been very satisfactory.

Where there is a general agreement to close on a certain afternoon there is no loss of business and both employers and employees find that a half day off once a week for two months gives them rest and recreation during the trying time of the year and really has more beneficial results than a week's vacation all at one time. It takes the average man a week to recover from his vacation and to settle down to regular work again.

The closing day usually chosen is Wednesday and it is understood that this is the day which the Jacksonville people who are agitating the question are considering. Some definite action will likely be taken in the matter within a short time either by a committee from the Chamber of Commerce or a committee of citizens. Jacksonville dentists for several years have taken Mondays as a day off and it has not lost them any dollars and has added greatly to their general health and pleasure.

REBEKAHS OF 22ND. DISTRICT CLOSE CONVENTION AT BLUFFS

Caritas Lodge No. 625 Sends Forty Representatives Including Degree Staff—Convention Next Year in Jacksonville.

The sixteenth annual convention of the Rebekah Assembly of the Twenty-Second district, held at Bluffs, closed Thursday after electing officers for the coming year and selecting Jacksonville as the next meeting place. Caritas Rebekah Lodge No. 625 sent forty or more representatives including the thirty members of the degree staff, who gave the work to six candidates Wednesday night.

The officers elected were:
President—Mrs. Effie K. Bradley, Jacksonville.

Vice president—Mrs. Ludella Seymour, Murrayville.

Secretary—Mrs. Alice McCulloch, Jacksonville.

Treasurer—Mrs. Cora Helpin, Bluffs.

All the state officers were present except the warden. Mrs. Grace Henry presided over the school of instruction and Mrs. Henry, Mrs. Mary T. Miller and Mrs. Myrtle W. Tandy administered the assembly degree to six candidates. The Twenty-Second district is composed of twenty-five lodges within the counties of Scott, Morgan and Sangamon. Thirteen of them were represented at this convention. Jacksonville Lodge No. 13 is in the 17th assembly district. Mrs. Belle T. Brockman was the official delegate from Caritas Lodge, and Mrs. Tandy was present as a state officer.

The welcome received by the delegates was a warm one and members of the Jacksonville lodge will have many pleasant social obligations to discharge when the convention of the Twenty-Second district is convened here in 1915.

We Are Now Manufacturing Fertilizers For Soil

We have made a careful study of soil conditions and are now putting up an article which is considered the best on the market for INCREASED YIELD Of Corn or Oats. The same has the following analysis:

Bone phosphate 62.99 per cent.
Phosphoric acid 28.90 per cent.
Nitrogen 2.53 per cent.
Ammonia 3.07 per cent.

If you will carefully compare the analysis of our ROYAL BRAND BONE MEAL, you will find that the same is cheaper than the use of Rock Phosphate or any other fertilizers which are now on the market.

It only requires from 100 to 150 pounds of our BONE MEAL to an acre of soil, depending upon the condition of the soil. This will increase your yield of corn or oats from 10 to 20 bushels to the acre for the first year.

PLAN FOR EXTENSIVE AUTO TRIP TO EASTERN STATES

Felix E. Farrell and Party Will Leave May 28th for Journey of Five or Six Weeks—Itinerary will Cover Three Thousand miles.

Felix E. Farrell and party plan to leave Jacksonville Thursday, May 28, for an extended automobile tour through the east. They will go in Mr. Farrell's "Pierce Great Arrow" car and when the 3,000 miles of the journey as planned has been traversed, the speedometer will show that the car has passed the 75,000 mile mark. The party will include Mr. and Mrs. Farrell, son Felix and daughter Dorothy and Mrs. C. A. Barnes. Ollie Mack will be the chauffeur.

The intention is to start about 9 o'clock in the morning on the day mentioned and they will go first to Indianapolis where Mr. and Mrs. Farrell will attend the races on the Indianapolis speedway Saturday, May 30. Next they will go to Columbus and Cleveland and afterward will drive to Buffalo. There a side-trip will be taken to Niagara Falls, and succeeding points on their New York itinerary are Binghamton, Oneonta, Catskill and Great Barrington. Subsequently a few days will be spent at Worcester, Mass., where James Barnes is in school and then the party will proceed to Boston. They will arrive at Northampton in time for commencement events at Smith college, where Miss Elson Barnes will be one of the graduates.

While other members of the party are at Northampton Mr. Farrell will go on to New York City and will be there on June 11 to say a nice farewell to his niece, Miss Alice and Mary Wadsworth, Margaret and Gertrude Avers, who will sail with others on that day for a summer in Europe. After Mr. Farrell rejoins the party some days will be spent at Tarrytown, N. Y., and other points in that vicinity and will then journey from East Orange down the coast to Atlantic City.

The route as planned will thence take them to Philadelphia and to Malvern, where they will be guests for several days at the country home of Miss Frances Hook. Baltimore, Washington and Cincinnati are other important cities on the homeward journey and they will return to Jacksonville via St. Louis after an absence of five or six weeks. Mr. Farrell has been over part of the route before and has recently spent so much time with maps and guide books that he practically knows all the points of interest along the way. No effort will be made for speed, the plan being simply for a comfortable overland trip in a part of the country where good roads and scenic beauties are desirable vacation features.

CARNEGIE HERO AWARDS PUBLISHED IN BOOKLET

Award to Moses C. Large of This City is No. 789.—Story of His Rescue of Mrs. Miller is Printed.—Methods of the Commission Explained.

While the announcements of Carnegie Hero Fund Commission awards for 1914 have been made from time to time the report of all awards made since the commission was founded up to January 31, 1914 has just been published.

The award of "a bronze medal and \$1000 for a worthy purpose as needed" to Moses C. Large of this city was the 789th made by the commission. This award is explained in the booklet just issued, as follows:

No. 789.—Moses C. Large, aged 32, painter, saved Margaret Miller, aged eighty, from burning, Jacksonville, Ill., August 18, 1910. Mrs. Miller was in a room sixty feet from the street, in a building which caught fire at night and Large made his way along a hall in which was considerable smoke and led her to the street. Some time later he was told that she had returned to her room and he again entered the hall. After going a few feet he was choked by smoke and returned to the open air, but after taking several deep breaths to enter again. Flames were visible in the ceiling and the hall was filled with smoke; but Large stooped and walked to Mrs. Miller's room where he found her unconscious. As he entered the room plaster fell from the ceiling. Large headed aid and after he had put his head through a small window a moment he went to Mrs. Miller and dragged her to the street where she revived.

The commission explains its methods of distributing pecuniary awards as follows:

"Pecuniary awards are divided into three classes: Death benefits, dismemberment benefits, and betterment benefits; and the last named class has the following seven subdivisions: Business establishment, educational expense, health restoration, home purchase, indebtedness liquidation, living expense, and miscellaneous aids. Awards are paid in two ways; namely, in regular monthly installments, as pensions, continuing over an indefinite period; and in irregular installments or in one sum, according to the nature of the need, to be applied to specific purposes.

"Death benefits are paid in cases in which the rescuer loses his life as the result of his act, to the dependents of deceased rescuers who have sustained pecuniary losses by the rescuers' deaths and who are in need of assistance. Widows receiving pensions are required to certify at the close of each month whether or not they have remarried, whether or not their children are living with them and are dependent upon them, and whether or not the children have attended school regularly. The certificate has to be sworn to before a notary and attested by him. Once a year, or oftener, a special agent—a trained investigator in the employ of the commission—is sent to investigate what kind of a life the widow is leading, whether she is paying her bills, what kind of care she is taking of her children, etc., etc. Dependents other than widows receiving death benefit awards receive them as pensions the same as widows or in stated payments for a limited period, and in some of the betterment benefit forms.

"Disability benefits are paid to rescuers who have sustained pecuniary losses as the result of injuries received in the performance of their acts and who need assistance. Beneficiaries receiving disability benefits are supervised in a manner similar to those receiving death benefits. Betterment benefits are paid in cases in which no losses have been suffered as the result of the act. The object in granting this class of awards is to improve the condition in life of the beneficiary in a permanent way.

"In a business establishment case, the beneficiary must submit a detailed scheme of the enterprise in which he proposes to engage. His scheme is carefully considered, and his statements are thoroughly substantiated either by a special agent or through other reliable sources; and if there seems a reasonable chance of success for his scheme, the amount of his award requested is sent him with instructions that the money must be used for the purpose requested, as outlined, and no other.

"Educational expense awards are made to enable the beneficiary to acquire a higher education, which he otherwise would not have been able to acquire; to finish a secondary school course which he had been compelled to abandon; to take a technical or trade school course; or to study the fine arts. Great care is exercised to see that a student takes up the course to which he is best fitted, and that he enters a school which is well equipped to teach the course. After the school has been decided upon, the student must file a detailed estimate of his expenses for the approaching term on a form designed for the purpose.

"In a health restoration case, before an amount is paid, arrangements are made to have the beneficiary examined by a specialist of standing to learn, first, precisely the beneficiary's condition; and second, what is best to do for him. If it seems likely that the beneficiary can be cured, he may go either to a sanitarium, or a hospital, for a course of treatment, or remain at home and receive attention, whichever seems the better plan. If the disease is incurable, the beneficiary is made as comfortable as possible, either in an institution or at home.

"A beneficiary desiring to use his home purchase award is required to submit his plans in detail. He must give the size and location of the lot; the size and kind of house; the price; the terms of purchase; and the amount of the mortgage, if any. He will have to carry on the property. His plans are carefully considered to see whether they are practical and economical, and whether

there is a reasonable chance of his carrying them through successfully. If his plans seem feasible, an investigation is made.

"In indebtedness liquidation cases, payments are made to lift mortgages or to settle floating indebtedness in order to relieve the beneficiary of a burden and give him a fresh start. The beneficiary is required to furnish certified itemized statements from his creditors, and to explain under what circumstances the debts were contracted and remain unpaid. Payment of an award of this class depends upon whether the amounts alleged to be due are just debts, whether the debts were incurred under proper circumstances, and whether it is to the best interest of the beneficiary at the time to liquidate them.

"Living expense awards are made to rescuers who are in need of assistance and who are old and unable to properly support themselves without help. They are usually paid as pensions.

"Miscellaneous aids covers all other forms of betterment benefits payments which are not sufficiently distinct in character to classify otherwise.

"In no case is a beneficiary paid the amount of his award to be used for such purposes as he may choose to use it without any restrictions. In every case there must be a need for the money, and the beneficiary must submit in detail a proposition for its use which must receive approval before the money is paid."

Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend."

Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. Beneath the surface is a network of fine nerve threads and the gentle, soothing embrocation, "Mother's Friend," is designed to so lubricate the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action.

Applied to the breasts it affords the proper massage to prevent caking. Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant to ease, comfort and safety.

"Mother's Friend" is prepared by Bradford Regulator Co., 510 Lamar Bldg., Atlanta, Ga. Send for our little book.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

FOUNDATION HEAD MAKES ANNUAL REPORT

HAS DISTRIBUTED \$2,936,927 DURING EIGHT YEARS.

Carnegie Foundation For the Advancement of Teaching Now Granting 403 Allowances, Averaging \$1,703 to an Individual.

New York, May 21.—The Carnegie Foundation for the Advancement of Teaching, founded by Andrew Carnegie with an endowment of \$15,000,000 to provide retiring allowances for teachers and officers of high educational institutions in the United States and Canada, has, during its eight years of operation, distributed a total of \$2,936,927, according to the annual report issued by its president, Dr. Henry S. Pritchett.

The report for the year ending September 30, 1913, shows that \$579,440 was distributed in retiring allowances to professors, and \$80,949 in pensions to their widows, during that year.

The number of allowances for the year was 33, making the present total allowances now in force 403. The average annual payment to an individual is \$1,703.

In connection with the foundation's work as a center of information concerning pensions, the president discusses pension systems that are maintained by half a dozen colleges, the development of new systems at Brown university, the Rockefeller institute and the American Museum of Natural History, the new federated pensions system of the English universities and the proposed system for the clergy of the Episcopal church. Among pensions for public school teachers the report discusses the misfortunes of the New York city system, and commends plans of the new state system in Massachusetts.

Much of the report is devoted to the development of the work of the foundation into a separate division of educational inquiry. Its present work includes a study of education in Vermont at the request of the Vermont educational commission, of legal education at the request of a committee of the American Bar association and of engineering education at the request of a joint committee representing the national engineering societies.

The report on education in Vermont, already distributed, represents the first study that has been made of a state's educational activities as a whole.

The study of legal education has been begun by a first hand inquiry into the bar examinations of every state, a special study of legal teaching by Prof. Josef Redlich, who came from Vienna for the purpose, and by a personal examination of each of the 160 law schools in the country.

Plans for the study of engineering education are now being completed. The earlier educational work of the foundation is continued by commendation of the present tendency of college entrance requirements toward both elevation and flexibility. The need for further improvement toward the fact that only 55 per cent of the students now in our colleges are high school graduates. The decrease in the number of medical schools in the country from 162 in 1910 to 115 in 1913, and the rapid improvement of the better schools are commented upon with appreciation. A general study of the problems of the state regulation of higher education is illustrated by a detailed account of the recent crisis in educational affairs in Iowa.

The report further presents a study of the financial status of college teachers as compared with the situation presented in a similar study published five years ago. The ordinary salary of a full professor in the institutions associated with the foundation is now \$3,000. During the last five years the salaries of instructors have risen by about \$80.00; those of junior professors show a gain of from \$120 to \$225; those of full professors show an increase from \$125 to \$350.

The report concludes with a frank criticism of contemporary college catalogues.

Lemonade.

By WALT MASON.

It is a helpful, soothing drink, when flies are bad and days are hot; and whether it is white or pink, it always seems to hit the spot. I drink it with the lovely daisies, where drug store clerks take in the kale; I drink it at the baseball games, at home I sip it by the pool. Of all soft drinks it is the best, as every learned physician knows; it always soothes my savage breast, and gives my warlike soul repose. It takes the fungus from my tongue, and kills the toadstools in my throat; and I feel brave and gay and young when all my innards are afloat; when they're afloat in lemonade, my head is clear, my nerve is strong; I face my duties unafraid, and put up hay the whole day long. And when the cool, gray morning breaks, I do not see, beside my bed, a bunch of hydra-headed snakes with pea green antlers on each head, I rise refreshed, so full of vim, and of aggressive strength so full, that when I've sung my morning hymn, I go outdoors and whip a bull.

READY FOR RACE MEETING.

Montreal, May 21.—Fast horses from many sections of Canada and the United States, including a large contingent that took part in the recent meeting at Tulsa, Okla., fill the stables at Delorimier park in readiness for the opening there tomorrow of the spring meeting of the Montreal Driving Club. The meeting will continue seven days and will be conducted by the same officials as the meetings of last season. With an excellent program and large entry lists all that will be needed is favorable weather conditions to make the meeting one of the most successful in the history of the club.

MAY DAY CELEBRATION AT FOURTH WARD SCHOOL

Exercises Proved Pleasing to Large Audience.—Folk Dances and Tableaux Had Important Place in Exercises.

The celebration of May Day at the fourth ward Washington school yesterday morning was as complete a success as the fondest friends could have desired. The children were all arrayed in their best and were attractive indeed.

The grand march came first and in this the whole list of pupils, numbering some four hundred, participated and the showing they made was fine. Then came four tableaux representing the four seasons and these were also well executed and the rapidity with which they were changed or followed each other certainly did credit to all who had a part in the training of the children. The scenes passed from summer heat to golden autumn with its colored maple leaves and from that to frigid winter with furs and overcoats and then balmy spring appeared in the person of a sweet little girl surrounded by flowers.

The folk dances were especially worthy of mention and showed that the children had certainly been carefully drilled and had been apt scholars. The "I See You" was pretty and well executed and the Mountain March was very creditable. The Hans and Greta dance was one of the most attractive in that it was a trifle more complicated but the children carried it through admirably and won loud applause. Reaping the Flax was another good number and showed careful preparation and good ability on the part of the pupils.

The last number on the program was the Maypole dance and that was fine and though complicated was executed without a mistake. The long streamers were woven and interwoven and unwound all with admirable precision and all present were delighted by the work of the children. They have gone early to school and their studies have not suffered in consequence of the May Day work but it has rather been an incentive to better efforts in the school room.

The children were favored with a large audience and scene were provided for nearly all, though a few were obliged to stand and a good many viewed the program from automobiles or buggies. The trees on the school house grounds afforded ample shade and the day was all that could be desired and reflected great credit on both teachers and pupils.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while it does give you a clear complexion the expense is trifling.

Simply get an ounce of ointment—double strength from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ointment as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Adv.

SHOW OF FOREST PRODUCTS.

New York, May 21.—Under the name of the Forest Products exposition there was opened in the Grand Central Palace today a notable display of the products of the American forests, together with exhibits of processes and machinery used in the manufacture of every variety of woodwork, from rough packing cases to polished mahogany furniture. One of the most important of the educational exhibits is that of the United States forest service. The government's display includes fire towers, equipment stations, models, wood utilization and distillation, paper pulp plants and conservation methods.

The Woman's Relief Corps will hold its regular session today at 2:30 in G. A. R. Hall, West Morgan street. A full attendance is desired to make arrangements for memorial decorations.

BASE BALL WINNERS.

The Home pool room baseball team crossed bats yesterday afternoon with the team of the Central Hospital for the Insane and an exciting game ensued in which the pool room boys won by a score of 11 to 2. The battery of the winning team was composed of Smith, Jones, McCutley, Franz and Hemmrough. The two runs made by the hospital club were credited to Keys and Brown.

MORAL EDUCATION.

in moral education don't moralize. This is the advice of Prof. F. G. Gould, an English educator of note, who has been touring the United States as demonstrator for the Moral Education League of London. Prof. Gould's carefully worked out program for moral instruction in the elementary grades impresses bureau of education officials as one of the most valuable of the present efforts to make education tell in fine character.

Story telling forms the basis for most of the instruction in Professor Gould's plan. Once a week, or oftener, it is assumed, the teacher or principal gives a systematic lesson on the conduct of life. The various virtues are taught, not as abstractions, but by concrete examples and by interesting stories. The teacher is not to say "This OUGHT to be done," she is rather to say: "This thing has been done." Hearing constantly about right actions, the pupils learn to appreciate right conduct. The spirit behind the instruction is the spirit of service; but his and other technical moral terms are to be rarely, if ever mentioned. "It is possible," Professor Gould points out, "to give many lessons on civic duty and scarcely ever use the word patriotism, and yet the temper of consecration to one's duty and country may permeate the teaching and inspire the pupils."

Professor Gould disclaims anything novel of faddish about his work. It is by no means new, he says. "I have over and over again affirmed that my teaching was, in the strict sense of the term, antiquated; that is to say, it consists of the employment of the concrete and dramatic manner which is illustrated by ancient poets as well as modern, by the narratives and parables of the Bible or the Talmud, by ballads, songs and storytellers of the middle ages, and by allegorists such as Comenius and John Bunyan.

"What perhaps I may claim is that I have reminded educators of simple, fundamental principles, which, in the somewhat unnatural rush of overcrowded school programs we are all apt to forget; and along with that effort to get back to more direct action in moral teaching, I have, it may be, combined a certain enthusiasm and freshness; at least I hope so."

PRaise FOR MEMORIAL.

Washington, May 21.—Critics who have viewed the Confederate monument which is to be unveiled at Arlington two weeks from today pronounce it to be one of the most artistic and imposing memorials erected in the national cemetery. The monument is the work of the American sculptor, Sir Moses Ezekiel, who has returned home from Italy to attend the unveiling. The monument, 32 life sized figures in full relief around a cylindrical base, on which stands the chief figure, a heroic sized woman, right hand extended, holding a laurel wreath, with the left hand resting upon a plow, and in which is a sickle, and underneath a quotation from Isaiah: "They have beaten their swords into plowshares and their spears into pruning hooks."

LAWYERS TO MEET AT CHICAGO MAY 27-28.

Law enforcement, law reform and non-partisan election of judges will be the principal subjects of discussion at the annual convention of the Illinois State Bar association, which will be held at the Hotel LaSalle in Chicago, May 27 and 28. Lawyers from all parts of the state will attend the meeting.

Chief Justice William Renwick Riddell of the appellate division of the supreme court, Ontario, Canada, and Chief Justice John B. Winslow of the Wisconsin supreme court, will be the principal speakers at the convention. Enforcement of the law will be the subject of their addresses.

Special committees will submit drafts of bills providing for non-partisan judicial elections and changes in the state practice law, designed to reform court procedure.

The meeting will open on the morning of May 27, with an address on law enforcement by Robert McCormick, president of the association. Mr. F. Voigt will then submit the reports of the secretary and treasurer, which will be followed by a discussion of non-partisan election of judges, a bill being presented by a special committee, which has been studying the subject for the last year.

Chief Justice Winslow of the Wisconsin supreme court will talk on law enforcement at the afternoon session, after which the committee on law reform will submit proposed amendments to the practice act, which lawyers declare will lend many delays in litigation.

Henry M. Bates, dean of the law school, University of Michigan, will speak at the morning session on May 28th, his subject being "How the Law School Can Help in the Reform of Procedure." Justice Riddell of Toronto will speak at the afternoon session.

The meeting will close with a dinner on Thursday evening, May 28th. Members and guests and women as well as many men will attend. Mrs. Harlan W. Cooley, president of the Chicago Woman's club, Dean Bates of the University of Michigan, and Justice Riddell of Toronto will speak.

CONVENTION MEETS ON BOAT.

St. Louis, May 21.—Members of the Missouri Electric, Gas, Street Railway and Waterworks association, several hundred in number, departed from this city today on the steamboat Quincy bound for Keokuk. The sessions of the annual convention of the association are to be held on board the steamboat. Upon arriving at Keokuk the members will inspect the Mississippi river dam, electric power plant and waterworks. The party will return to St. Louis on Saturday.

SCIENTIFIC SOCIETIES MEET.

Seattle, Wash., May 21.—The Pacific Association of Scientific societies opened its fourth annual convention today at the University of Washington. Delegates representing colleges and scientific societies of California, Oregon, Washington and several other states were in attendance. The meeting will continue three days.

in Fourth Round of Play.

Sandwich, Eng., May 21.—Chas.
W. Evans of Chicago and Harold
Weber of Toledo, the last survivors
of the ten American competitors
in the British amateur golf cham-
pionship were eliminated in the
fourth round today and as conse-
quence there is much jubilation
among the followers of the British
players.

There was no fault to find with
the game as played by Evans but
his defeat was inevitable. He was
defeated in the fifth round. Hutch-
inson was also defeated by Har-
old H. Hilton, holder of the British
championship but was put out of
the contest in the fourth round by
Edward Blackwell, St. Andrews.

H. S. B. Tubbs, of Little Stone,
who yesterday defeated Francis
Oulmet, the American open cham-
pion, was eliminated today.

COURT NEWS

BARBOUR CASE IS TAKEN FROM JURY IN CIRCUIT COURT

Verdict Given For Defense in Accordance With Instructions.

In the circuit court Thursday Judge Jones granted the motion made by the defense in the suit of Barbour vs. Crum and instructed the jury to bring in a verdict in favor of the defense.

In this case Mrs. Jennie Barbour was suing the estate of the late John W. Crum for a large sum alleged to be due for services rendered. It was Mrs. Barbour's claim that she performed menial service in the household of Mr. Crum and that she was paid \$2.00 a week and that she had an understanding that she would receive a large sum later on.

The case was tried in the county court some weeks ago and after the complainant's case had been presented a motion was made that the jury be instructed to find in favor of the estate and this motion was granted. Then the case was appealed to the circuit court and the opening of the case and the evidence of the prosecution occupied much of the time of the court on Wednesday and until noon Thursday. At the conclusion of the presentation of the evidence for the complainant the jury was taken from the room while argument was made upon the motion of the defense for the court to instruct the jury to bring in a verdict in their favor. Judge Jones after hearing the argument, granted the motion, maintaining that if the wage paid Mrs. Barbour was not satisfactory that she should have declined to do the work or should have made other arrangements at the time. The Crum estate was represented by W. T. Wilson and Wm. N. Hairgrove and Mrs. Barbour's attorney was J. O. Priest. It is possible that an appeal may be taken to the appellate court.

LOUIS YECK'S WILL PLACED ON RECORD IN COUNTY COURT.

Property is Given to Wife for Life Time and Then Will Be Divided Among Children.

The will of the late Lewis Yeck was filed in the office of County Clerk Boruff Thursday. The original will bears date of November 9, 1905, witnessed by Geo. Lukenmyer and John Broecker of Beards-town. A codicil drawn March 10, 1911 was witnessed by Edw. P. Brockhouse and C. A. Boruff. As one of the witnesses is Judge of the county court and the other is county clerk it will be necessary to certify the will to another court for certification.

In the original will Mr. Yeck provided for the payment of debts and funeral expenses and then willed all of his property to his wife, Mary Yeck, during her life time. It was provided that Mrs. Yeck should keep the property in repair and upon her death was bequeathed to John P. Yeck, Harry Yeck, Chas. Yeck, Glen Yeck, Louis Yeck, Nettie Valentine and Mary Bayles, to be equally divided amongst them together with any income which the wife of the deceased had received therefrom and had not expended. The fourth provision of the will was the nomination of the wife of the deceased and his son Charles as executors of the will to serve without bond. The

codicil to the will provided that the share of the estate bequeathed to Nettie L. Valentine should be held by the executors in trust and that the annual net income together with \$50 of the principal should be paid to her during her life time and at her death the proceeds from the property to be divided among the other children. As the son Charles Yeck died subsequent to the making of the original will it is provided in the codicil that Mrs. Mary Yeck and two sons, John and Louis Yeck, be the executors of the will.

DAMAGE SUIT AGAINST TELEPHONE CO. BEGINS.

Miss Laura Black is Asking \$3000 Damages for Alleged Injuries Resulting From Fall Over Guy Wire.

Thursday afternoon the damage suit of Miss Laura Black vs. Illinois Telephone Company was commenced. Miss Black is asking for \$3,000 damages on account of alleged personal injury. She maintained that January 1st, 1914 she tripped and fell by reason of contact with a guy wire located on Grand avenue, the property of the Illinois Telephone Company. She maintains that by the fall she suffered a broken ankle and other injuries and that this was due to the fact of carelessness on the part of the company. Miss Black's attorneys are John M. Butler and J. Marshall Miller. The Telephone Company's attorneys are Kirby, Wilson and Brockhouse. The jurors hearing this case are Lee Weigand, Carl Graubner, W. J. Kumble, O. T. Hamm, C. C. Pires J. P. Huff, Samuel Tribbett, James P. Fife, W. T. Henry, Bert Millard, Terrance Sloan and Geor. Fredlander.

SECOND DAMAGE SUIT FILED.

By a suit filed in the office of Circuit Clerk Pyatt Thursday for hearing at the May term, John A. Lyman as administrator of the estate of Elizabeth F. Lyman is asking for damages in the sum of \$10,000 from Dr. E. L. Crocker and the Maplewood Sanatorium Company. In the declaration it is set forth that Mrs. Lyman committed suicide while a patient at Maplewood by choking herself to death with a veil she tied around her neck. It is maintained that Mrs. Lyman was of unsound mind at the time she committed suicide and that she would not have done so had the sanatorium management used the proper diligence in watching over her. The suit was filed by Gregory & Thomson of this city, and Hill & Bullington of Hillsboro, and is similar to the suit brought yesterday against the Sanatorium Company.

Villa and Zapata--Which Will Be First to Enter Mexico City?

Photo by American Press Association.

This interesting picture of General Villa, leader of the Constitutional army, and Zapata, the bandit chief, shows two of Huerta's enemies armed to the teeth. Both are striving to be the first to reach Mexico City. If Villa succeeds it will mean the triumph of the rebel cause. If Zapata succeeds it will mean plunder and further disorder. Villa is on the left.

I CAN RELIEVE

MOST CASES OF RHEUMATISM OR KIDNEY TROUBLE IN THREE DAYS WITH MY NEUROPATHIC TREATMENT

Will Give My Services Free to Prove it at the Dunlap Hotel From 9:00 a. m., Wednesday, May 27, Until 8:00 p. m., Friday, May 29.

There are hundreds of people who are suffering with either acute or chronic rheumatism in some form, neuralgia, sick headache, uric acid troubles. There are hundreds of people suffering with weakness of the heart. Ninety percent of these people have no organic disease, but just a functional trouble; yet if it is let alone, it will produce organic disease and death. Palpitation, shortness of breath, irritated heart action, intermittent pulse, dizzy spells, pain around the heart, fainting spells, bad circulation, cold hands and feet—all these symptoms indicate weak heart and weak circulation through it. There are thousands of people suffering with weakness or disease of the kidneys. They go on, allowing it to gradually grow worse, allowing the kidneys to be clogged up, allowing them to become congested and inflamed and finally the little tubules are destroyed completely, producing Bright's disease and death, because the poisons and the waste matter that should be thrown off of the system through the kidneys is absorbed back in the blood, producing a slow form of poison that destroys nerves, muscles and vitality. In the early stages of kidney trouble it may only show by an irritated bladder, burning or backache, or simply weakness. But whenever this organ is not acting normally you should have it treated immediately because it may be sure death if you do not stop it. The kidneys is the sewer of the body and must be kept open.

I call especial attention to these symptoms for the reason that my Neuropathic system of treatment has a quicker effect on such conditions as these than most other treatments. It acts directly on the nervous system, circulation of the blood, kidneys, bowels, liver, skin. I give relief to nearly every case of this kind if the patient will follow my advice and my treatment a reasonable time. My Neuropathic system cleanses and purifies the blood. It relieves weakness and congestion about the heart, relieves the pressure in the small capillary blood vessels, so that the blood, when it leaves the heart, can go out naturally into the muscles, nerves and extremities; and when that commences, the disease deposit rapidly absorbs and disappears. I want everyone suffering with these troubles to call on me this trip. I will make a complete examination and tell you exactly the condition you are in, and if the disease has not gone too far, I will give you almost immediate relief. To prove this, I will give my services free to every person that calls on me this trip. I want to give you no excuse to go ahead and suffer with these troubles. There is no reason why you should suffer day in and day out with every change of weather with rheumatism. There is no excuse for you to quietly sit down and allow your weakness of the heart and kidneys to gradually grow worse and to become an incurable organic disease. When you know if you wait too long until the internal tissue of the organ is destroyed, then nothing can be done. My Neuropathic system of treatment has the most immediate effect on these cases. I want to prove it to you. All I ask of you is to come and see me. You cannot refuse this offer. You owe it to yourself and family and to this new scientific treatment to call on me and let me examine you and explain all these things. Remember, I treat all curable chronic weaknesses and diseases, no matter of what organ. My Neuropathic system of treatment has given relief in thousands of cases when others failed. I use no strong poisonous medicines. This is a combination of treatment, both internal and local. You have never used anything like it. I want to explain this to every man, woman or child suffering with chronic diseases or weakness on this trip. Remember, I accept no case by mail. I must make a complete examination of the case first. I do this for you free of charge on this trip. I will be at the Dunlap Hotel from 9 a. m., Wednesday, May 27, until 8 p. m., Friday, May 29.

KINDERGARTEN PROGRESS

In ten years kindergartens in the United States have grown from 3244 kindergartens with 205,000 children, to 7,557 kindergartens enrolling 364,189 children, according to a bulletin issued by the United States bureau of education.

Notwithstanding this encouraging increase in schools and pupils, the great majority of children are still without the advantages of kindergarten training. Only 9 per cent of the children of kindergarten age—4 to 6—were in kindergartens.

"Much constructive work must be done," declares Miss Myra Winchester of the kindergarten division of the bureau, reviewing the figures. "The child of kindergarten age is so young, so impressionable, so incapable of defending himself against the faulty words and actions and mental attitudes of the teacher, that means must be devised to eliminate or at least diminish the number of faulty teachers. Standards of requirements as to personality and academic and professional training must be raised and maintained, for the surest guarantee of the extension of kindergartens is good work done by good teachers."

Miss Winchester traces the path of progress in kindergartens from private philanthropy to public support. "First there were private kindergartens, regarded as more or less of a luxury for the well-to-do. Next, good men and women began to provide 'charity' kindergartens for the poor and neglected children; churches, settlements, kindergarten associations and mill owners gave and continue to give glad and generous support to such kindergartens. Then as a direct outgrowth of the work of the kindergarten associations there have evolved training schools for kindergarten teachers; the state legislature has been induced to pass a bill making it legal to institute public school kindergartens; local boards of education have partially, then entirely, taken over the care and education of little children, and finally state and city normal schools have incorporated the kindergarten training schools, making them into a regularly integrated department."

The bureau's bulletin on kindergartens gives complete statistics for private and public kindergartens throughout the United States, so far as they are reported, together with opinions of superintendents, supervisors and teachers as to the results of kindergarten training in their communities. The bulletin is illustrated with photographs of real kindergarten children in real kindergarten activities.

VALUE OF ORGANIZATION FOR LIVE STOCK INTERESTS.

"There are 20,000 farmers in the state of Illinois who are maintaining pure bred live stock on their farms," declared Mr. E. C. Stone of Peoria, to the Hoof and Horn club of the University of Illinois. "And yet it has been difficult to get 250 or 300 of these live stock breeders together in one meeting to discuss mutual interests. There is evidence, however, that a change is taking place. The careful observer has seen in late years that a Poland China breeder and a Duroc breeder and a Hampshire breeder and others can really agree long enough to meet in convention and discuss points of common interest. The breeders of the different breeds of cattle and of horses will be meeting together in the not far distant future in order to solve the problem of how to produce cattle at less cost per pound and how to raise better and more efficient horses. * * What is to be the outcome of all this organization? The feeding of the nation."

"We will organize so thoroughly that as soon as children come of the age of accountability even in the smallest things it will be a part of their patriotism to produce something that will assist in the feeding of the nation."

AUTHORITIES ON FINANCE TO SPEAK.

Wichita, Kas., May 21.—Leading bankers of Kansas rounded up here today to take part in the annual meeting of the state association and to listen to addresses by some of the foremost authorities on banking and finance in America. Prominent among those scheduled to address the two days' meeting are United States Senator Owen of Oklahoma, Joseph Chapman of Minneapolis, and Fred E. Farnsworth of New York city, secretary of the American Bankers' association.

Chicago, May 21.—The fifth annual convention of the American Federation of Arts opened at the Art Institute in this city today and will continue until the end of the week. The convention is the first that the federation has held west of the Alleghenies and has brought together representatives of art associations from all parts of the country. Robert W. de Forest, president of the Metropolitan Museum of art, New York city, is the president of the federation and the presiding officer of the convention.

CARNIVAL AT HANFORD.

Hanford, Cal., May 21.—Visitors from all over the San Joaquin Valley thronged Hanford today for the opening of the big Kings County Carnival. The festivities will continue three days and will include athletic events, a 75 mile automobile race and numerous street carnival attractions. The carnival is an annual celebration here, the one this year being the third to be held.

London, May 20.—Stephen Townsend surgeon and lecturer and author died today. For some time he was on the stage under the nom de Theatre of "Will Denish" playing leading roles in several pieces. In 1900 he married Mrs. Frances Hodgson Burnett, the novelist and dramatist.

WALKING COSTUME OF BROADCLOTH TRIMMED WITH MOIRE AND LACE.

Broadcloth in a fashionable shade was utilized in designing the stylish afternoon gown shown here. The collar, cuffs and waistcoat were of guipure lace combined with net. The wide girdle, with the rosette at the left, was of moire ribbon. Although the skirt was slashed and drawn up to make a wide opening in the front, this was filled in with a deep flounce of plaited moire silk.

FORMER STUDENTS OF U. OF I. WILL BE GRANTED DEGREES.

Forty-seven persons in Illinois in 23 different cities or towns have been made eligible to receive degrees from the University of Illinois. In addition to those in Illinois, there are 54 persons in other states and countries from Chihuahua, Mexico, to Dawson City, Alaska, who are entitled by the same ruling to degrees at the coming commencement. These persons are living matriculants of the university of the classes from 1868 to 1892, who have completed 36 term credits and who have not as yet received degrees. They will be informed by mail and invited to appear at the next commencement to receive their belated titles.

PREDICTS SAFE TRAVEL BY AIR

Orville Wright Predicts That Travel By Air Will Soon Be as Safe as Travel By Land.

Philadelphia, May 20.—That travel by air would soon be as safe as by land was predicted by Orville Wright in an address at the Franklin Institute here tonight when he was presented with an Elliott Gressen medal for his work in establishing on a practical basis the science and art of aviation. He declared that ninety per cent of the lives that have been lost in aviation would have been saved if the aviators had been able to feel the angle at which their planes were traveling.

AH! MY TIRED FEET ACHE SO FOR "TIZ"

How "TIZ" Eases Sore, Swollen, Sweaty, Calloused Feet and Corns.

Just take your shoes off and then put those weary, shoe-crinked, aching burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ". Its grand—its glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothink like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

REACTIONARY TREND BECOMES MORE PRONOUNCED AT CLOSE

Trading is Obviously Professional—
Various Rumors Regarding Wa-
bash and Rock Island Reorganiza-
tion Plans.

New York, May 21.—A reactionary
trend which became more pronounced
in the final dealings marked the
course of today's operations in the
stock market. Trading was again
circumscribed and obviously profes-
sional. Deterrent factors included
the New Haven investigation; the
uncertain status of Missouri Pacific
affairs and a further rise of foreign
exchange to the highest quotations
in seven years.

The day brought various rumors
regarding the Washash and Rock Is-
land reorganization plans.
Baltimore & Ohio shares were firm
on the excellent statement for April.
Announcement of the regular Ches-
apeake & Ohio dividend was made at
the close of the market, the stock
having previously moved irregularly.

POLITICS AND POLITICIANS.

The general primaries in Iowa will be held June 1.

Senator Borah of Idaho will address the "welfare conference" of Michigan Republicans in Detroit next week.

Governor Samuel D. Felker, the first Democratic governor New Hampshire has had in years, has declined to be a candidate for re-election.

Under the new primary law in Montana the fall election is to be considerably longer than it was under the old convention system.

Dr. Hubert Work of Pueblo, has been selected Republican national committeeman from Colorado, to succeed ex-Senator Simon Guggenheim.

Congressman Winfield S. Hammond and Daniel W. Lawler of St. Paul are the opposing candidates for the Democratic nomination for governor of Minnesota.

The contest between Senator Ellison D. Smith and Governor Cole L. Blaise for the United States senatorship in South Carolina will be settled in the Democratic primaries on August 25.

Representative Robert L. Henry of Texas, chairman of the house rules committee, has announced his intention to be a candidate for the United States senate in 1916 to succeed Senator Culberson.

Deputy Sheriff Holman A. Drew of Concord, who has the custody of Harry K. Thaw, is one of four candidates who will contest in the coming primaries for the Republican nomination for governor of New Hampshire.

A general primary election will be held in Minnesota next month for the selection of candidates for governor, lieutenant governor, secretary of state and other state officers to be voted for at the November election.

Jacob H. Callinger, dean of the United States senate, has announced that he will be a candidate for a fifth term as senator from New Hampshire. His opponent on the Democratic ticket will be Congressman Raymond B. Stevens.

John G. C. Mayo, the Kentucky member of the Democratic national committee, who died recently in New York city, was a resident of Paintsville and was reputed to be the wealthiest citizens of the Blue Grass state.

J. Adam Bede, who established a great reputation as a humorist during the three terms he served in congress as the member of the 8th Minnesota district, has announced his candidacy for the Republican nomination in the new 10th Minnesota district.

The North Dakota Personal Liberty league has nominated J. H. Wishek for governor on a platform pledged to oppose woman's suffrage and to work for resubmission of the liquor question. The league is made up largely of Germans, who desired to make a practical test of public sentiment in regards to woman's suffrage and the liquor question and decided that the best way to make such a test was to nominate a ticket to be voted for at the coming primaries.

RULING FOR EXPRESS IN LIQUOR CASE.

Jefferson City, Mo., May 21.—The supreme court of Missouri today held that express companies could not be compelled by any contract as carriers to deliver intoxicants c. o. d. in the state of Texas, where there was a law enacted requiring the payment of an occupation tax of \$5,000 as a condition to the delivery of c. o. d. liquor packages.

On February 12, 1907, Abram Rottion tax of \$5,000 for carriers or consignment of liquor by express to customers in Texas. On this date a law became effective in Texas requiring the payment of an occupation tax of \$5,000 for carriers or persons attempting to deliver c. o. d. liquor shipments. The express companies found the new law starting them in the face, and rather than pay the \$5,000 occupation tax they returned it to Kansas City. They notified Rosenberg he could have the liquor by payment of the return express. He declined this proposal and sued for conversion.

"DRUMMERS" MEET

Jacksonville, Fla., May 21.—Warm welcome to Jacksonville was given today to the 1,200 or 1,500 delegates at the opening session of the annual convention of the United Commercial Travelers for the jurisdiction of Florida and Georgia. The program provides for a three days' catering at which business pertaining to the organization is to be transacted, while social diversions and excursions to pleasure resorts will take up much of the delegates' time. A delegation from Augusta is making a spirited bid for next year's meeting of the group council.

STOMACH SUFFERERS!

HEARING ON WABASH REORGANIZATION.

St. Louis, May 21.—Representatives of the public utilities commissions of Michigan, Ohio, Indiana, Illinois and Missouri met at the Planters' hotel here today to hear the plans of the committee for the reorganization of the Wabash railroad, which is now in the hands of a receiver.

PLAYS AND PLAYERS.

Henry E. Dixey is again in vaudville.

Arthur Deagon has been added to the cast of Ziegfeld's Follies.

Ralph Connor's novel, "The Sky Pilot," is soon to be dramatized.

Miss Constance Collier is to appear with Sir Herbert Tree in London.

Blanche Bates denies the rumors that she intends to leave the stage.

Margaret Livingston will be starred again next season in "Within the Law."

Gertrude Coghlin has been engaged for the cast of "The Call of Youth."

Hazel Starin, of "Pink Lady" fame, is to star in a new musical comedy next fall.

Selwyn & Co. have acquired the rights to Owen Johnson's dramatization of "The Salamander."

Miss Pauline Frederick and the veteran James O'Neill are to be in the cast of "Joseph and His Brethren" next season.

Charles Frohman has obtained the American rights to "Sybil," a new musical comedy recently produced in Budapest.

Arthur Boucher opened this year's Shakespeare's festival at Stratford-on-Avon with "The Merchant of Venice."

The Shuberts' production of "The Girl from Bond Street" in London will be made with an all-American cast, headed by Sam Bernard.

"Money Mania," by Max Marcin, is to have an experimental production by a stock company in Rochester the latter part of June.

The Shuberts have purchased the American and English rights to a new Austrian farce, "Papa's Baby," by the authors of the "Blue Mouse."

Georgia Caine, who has been playing in Adele, will desert musical comedy at the end of this season and will appear next year in a straight comedy.

Edward Knoblauch, author of "Kismet" and part author of "Milestones," has written a new play which bears the title of "My Lady's Dress."

Jane Cowl has been selected to play Dodo, the heroine of the "Salamander," dramatized from his own novel by Owen Johnson for Selwyn & Co.

Percy Haswell, who has been appearing in the south this season, is arranging to have her own stock company in Toronto again this summer.

Mrs. Bernard Shaw, wife of the playwright, and Miss Lena Ashwell, the celebrated English actress, took part in the recent suffrage parade in Boston.

There is soon to be unveiled in London a monument to W. S. Gilbert. It will be situated near the Savoy theatre, where for so many years the Gilbert and Sullivan operas were first given to the public.

Heavy Dull Feeling—Swollen Hands and Feet Due to Kidney Trouble.

Your kidneys need help when your hands and feet thicken—swell up and you feel dull and sluggish. Swollen joints, rheumatic twinges, puffy eye lids and ankles are just so many calls for help from overworked and sluggish kidneys. It does beat all the way kidney trouble makes you feel mean and sick all over your body. No energy—no ambition—just tired out, dull and weary. The tonic strengthening effect of Foley Kidney Pills, and their restorative, up-building qualities supply just what nature needs to make your kidneys sound and well; to restore the perfect normal action that keeps uric acid and other irritating poisons out of your blood. Once these poisons are out of your system, swellings, and puffiness, rheumatic aches and swollen joints all disappear and energy, activity and good health return to you. No matter what your age, what caused your kidney trouble, how long you have suffered, or what other medicines have failed in your case, be sure you have not tried the best until you have taken Foley Kidney Pills. In 50c and \$1.00 sizes everywhere. Do not accept any substitutes offered, for no other can help you as Foley Kidney Pills. For sale by City Drug Co. and J. A. Obermeyer—adv.

MINNESOTA PRIMARY CAMPAIGN.

St. Paul, Minn., May 21.—Although Minnesota does not elect a United States senator this year, it is well understood that the results of the coming primary and election will have an important bearing on the senatorial campaign that is to come in 1916, when a successor will be chosen to Senator Moses E. Clapp. In the primary next month the candidates will be named by the several parties for all state offices, including the governorship. Governor Adolph O. Eberhart is seeking nomination for a third term on the Republican ticket. The anti-Eberhart Republicans have agreed upon William E. Lee of Long Prairie as the opposing candidate. A third candidate who aspires to head the Republic ticket is Elwood L. Raab of Duluth, but it is generally believed the contest lies between Eberhart and Lee. It is generally understood in political circles that Governor Eberhart aims for the senate, and is running for a third term for governor with the main idea of keeping in line for the senatorship. Should he succeed in his present plans he undoubtedly would become an important factor in the senatorial situation two years hence. On the other hand, his defeat in the primary next month or at the election in November would put him out of the running for the senatorship.

OIL BOOM INTERESTS BEARSTOWN PEOPLE.

Old Well Sunk Many Years Ago Is Recalled By Eberhardt To Sink Well.

The Beardstown Illinoisian Star tells about the oil interest in that locality which has been given fresh impetus by the finding of oil indications not far from that town. The Star's story is as follows:

"That Beardstown may yet be included within the zone of 'oil' prospecting seems very likely. As a result of the striking of oil near Plymouth, Ill., about two weeks ago, the oil fever has spread rapidly in every direction and thousands of acres of farm land has been leased by promoters who propose sinking wells and carrying on the prospecting work. The one paying well, four miles northeast of Plymouth is being followed by the sinking of two other wells within a radius of one mile, while the oil leases on farm lands include territory almost to Rushville, Illinois.

"Territory in and around Beardstown has been considered as likely oil territory for many years and the success at Plymouth may have the result of encouraging further prospecting in this immediate vicinity. A few years ago a company sought to secure leases on land in this vicinity with the view of sinking a well. Dr. Eberhardt, who also believed that oil was to be found here was seeking leases. Because the two concerns had divided up the territory neither would sink a well.

"Many years ago a well was sunk near Fifteenth and Edwards streets in this city. This well was drilled to a depth of about 1900 feet, but

oil was never produced. However, they received encouragement and in one case there was such evidence of oil that the well was 'shot' in the customary manner. The 'shot' did not produce oil, each one of several artesian wells which were flowing freely in different parts of this city at that time. Of the seven or eight wells, every one entirely stopped flowing, but in late years two of these have been flowing again, although not as freely as in early years. Less than a year ago a peculiar thing happened. Suddenly and without apparent reason, one of the artesian wells began flowing crude oil instead of mineral water. For a short time the oil flowed freely and for several days there was evidence of the presence of oil in the mineral water, but finally the well returned to its usual product—mineral water. Dr. Eberhardt has many hundreds of acres of farm land in the vicinity under lease and expects at some future date to sink a 'well' somewhere around Beardstown. He stated today that he was merely waiting until he could secure leases to complete a tract of ground that he has 'in mind'.

NORTH END SOCIAL CLUB HOLDS MEETING THURSDAY.

The North End Social Club met at the residence of Mrs. G. W. Cooper on Cox street Thursday afternoon with Mrs. C. H. Freeman of the Pleasant Hour Club and Mrs. Miller Davis of the Social Domestic Science Club as guests. After a social hour the members were delightfully entertained and the hostess presented each with a patriotic souvenir. The next meeting will be held May 28 with Mrs. Samuel Crutchfield at her home on Ashland avenue.

There's No Corn That "GETS-IT" Won't Get

No More Fussing, Plasters, Salves and Corn Pains. Try the New Way.

"Just look at the way that corn comes off! That's what you'll say when you try wonderful 'GETS-IT' on that corn you've tried so long to pry off of your toe. It's

Madam, For Those Corns That Make You Jump Out of Your Shoes, Try Wonderful "GETS-IT."

easy to apply "GETS-IT"—one, two, three, and it's done! The corn begins to shrivel, away she goes, surely, absolutely. A few drops will do it. "GETS-IT" never makes toes red and raw. Corn pains go! It means the end of cutting and gouging of corns, the end of sticky plasters that don't work anyhow, the end of salves that eat up your toes, no more "harness," or fussing. Try "GETS-IT," the new, sure way, for corns and calluses.

"GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silveware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

GRACE CHURCH MISSIONARY SOCIETY HOLDS MEETING

Pleasant Gathering at Residence of Mrs. J. A. Ogram—Delegates Chosen to District Convention in Beardstown June 3-4.

The Woman's Home Missionary society of Grace Methodist church met with Mrs. J. A. Ogram, 1406 West Lafayette avenue Thursday afternoon, Mrs. D. E. Kennedy being the assistant hostess. Mrs. Henry Pinkerton lead the devotionals and Mrs. C. L. York and Mrs. R. A. Gates had charge of the program, the subject being "Heathen Religions in America."

This was the time the mite boxes were opened and one box weighed 10 1/2 pounds and was valued at \$40. The society has promised \$150 and there is in the treasury more than \$30 to pay the total pledges. \$30 will be sent as a Thanks Offering to the General Missionary Organization.

The district convention is to be held in Beardstown, June 3-4, and the following have been appointed as delegates: Mrs. R. A. Gates, Mrs. J. W. Lowdermilk, Miss Ida Lee and Mrs. C. E. Williamson. Mrs. Gates was appointed to bring back an account of the convention to the local society.

Miss Groves and Mrs. Grant Graff were named a nominating committee to suggest the officers for the ensuing year and to report at the next meeting.

It was unanimously voted to hold the next meeting with Mrs. J. F. Berry of West College avenue in the evening instead of the afternoon of June 21. Each member is expected to bring a friend and the meeting is open to everyone. The assistant hostesses will be, Mrs. C. C. Jeffries, Mrs. M. E. Layton, Mrs. Amelia Nebold, Mrs. Lucia Smith, Mrs. Robert Clayton, Mrs. F. P. Dawson, Mrs. Grant Graff, Mrs. A. H. Atherton and Mrs. Charles Hopper.

A social hour was followed by the serving of refreshments.

SENDS MEXICAN PHOTOS.
The Journal is in receipt of some fine photographs from Vera Cruz, Mexico, sent by James D. McCarty of the U. S. S. North Dakota and a former resident of this city. The pictures are on display in the office window. One shows the military academy where 100 Mexican midshipmen lost their lives when the building was fired upon by the U. S. Cruiser [Chester]; a second portrays the results of the firing on a large monument in Vera Cruz and a third shows the military mass which was said for the dead soldiers and marines after the recent trouble. The situation at present in Vera Cruz is very quiet, writes Mr. McCarty.

SAFEST PLACE TO TRADE.

IN THE PARKS.

All the inside parks, Duncan, Central and first ward playground have been put in excellent condition and work is progressing at Nichols park in the way of grass cutting.

In the latter a good many flowers have been planted and are already making a fine showing but extremely dry weather has halted work in that direction.

A brood of little pheasants has made its appearance and the creatures are doing well so far and it is hoped they will live and prosper all right.

The deer continue to be objects of attraction and admiration and are getting a little less shy but still are not wholly accustomed to the presence of people very near them. All persons are warned not to molest them in any way on penalty of fine.

At the first ward playground the grass has been cut and the apparatus will be put in shape as soon as possible.

Persons in that vicinity persist in forgetting that regular baseball is strictly forbidden there. Volley ball, basketball and any kind of a game that does not annoy or encroach on others is allowed but baseball cannot be played without trespassing on adjacent property and it must not be played there. The ball will get on the premises of neighbors and there the players have no right to go. A privilege should not be abused and it must not be. The city police are instructed to prevent the playing of regular baseball on this property.

ALEXANDER MEN HOLD SHOOT.

The regular shoot of the Alexander Gun Club was held Thursday afternoon when the following scores were made: J. W. Parks 43, C. M. Reynolds 39, I. Strawn 38, P. Corrington 42, J. W. MCGINNIS & CO., HAVE PURCHASED FROST & NOLLEY SHOE STOCK

Two Stores Will Be Conducted for the Present but Consolidation May Come Later On.

James McGinnis & Co., have purchased the Frost & Nolley shoe stock and will take possession next Monday. The store has been closed for invoice for several days and it has been generally understood that the firm contemplated retiring from business. Mr. McGinnis has been established in the shoe business here in Jacksonville for a great many years and understands it thoroughly. For the present he will continue his establishment on the east side of the square and that which he has just acquired, but will probably eventually combine the stocks. The Frost & Nolley stock is made up practically of all new goods and Mr. McGinnis considers that he was fortunate in making the purchase.

You want to see a big line of cool underwear and Garland & Co. want to show you.

M. P. L. MEETING AND DANCE. Fidelity Council No. 269, M. P. TODAY—THE FIRST OF THE UNITED STATES AND MEXICAN WAR PICTURES.

Hearst-Selig News Feature.

Huerta insults the flag; U. S. declares war; Vera Cruz is taken by marines; many killed in struggle; remarkable motion photographs show army and navy in action.

Congress backs Wilson's demand for troops; draughts rush to Mexican waters and troops prepare for invasion to force dictator to salute stars and stripes.

SOCIAL EVENTS.

Mrs. E. M. Rothwell of 1207 Park Place was most happily surprised last evening by the members of the Mystic "seven club," the occasion being her birthday. Games afforded amusement and the club members brought along refreshments. The whole evening was greatly enjoyed.

The Epworth League social of Grace M. E. church given Thursday evening on the lawn of Rev. J. W. Miller on West State street, proved a great success. Recently the Epworth League held a new election of officers and the gathering was under their auspices. Dr. A. B. Applebee being the new head of the social department and Miss Sue Fox the retiring officer. The new president is Paul B. Fritchey. All sorts of old fashioned games were played some good refreshments were served, and everybody spent a happy evening.

DR. J. R. HARKER WILL GIVE COMMENCEMENT ADDRESS

To Be Principal Speaker at Graduation Exercises of the Illinois State School for the Deaf, May 28.

Dr. J. R. Harker will give the commencement address at the graduating exercises of the State School for the Deaf, which will take place May 28. For a great many years it has been the custom of the school to hold its graduating exercises in June but the management has decided that it would be better to have it earlier as it would not interfere with examinations and other things which occupy the attention of the students during the closing days of school.

The graduates are: Lloyd Thompson Bowman, Virginia.

Bobby Stansford Burns, Freeport. Elsie May Collins, Mt. Vernon. Ruth Cecil Crabbe, Macomb. Mattie Elizabeth Delhi, Morrisonville.

Henrietta C. Hanson, Freeport. Kenneth J. Munger, Chicago. Forrest R. Beard, Eureka.

MORTUARY

Pelham. R. E. Pelham has received word of the death of his brother, J. H. Pelham, of Seattle, Washington. Deceased was formerly a resident of Sangamon county, this state and at Springfield enlisted in the 10th Ill. cavalry and served gallantly during his term of enlistment.

He leaves a wife, a son, a daughter, a brother in Olathe, Kansas, another in this city and a sister in Mountain Grove, Missouri.

EUREKA COLLEGE PROVES EASY FOR ILLINOIS NINE

Annex Contest by Score of 12 to 6—Visitors Were Weak in Pitching Department.

Illinois college readily took advantage of Eureka college's weakness in the pitcher's box and annexed the game yesterday by a score of 12 to 6. Jacksonville men went into the game in earnest but played with less pep as the contest closed.

There were no especial bright spots in the game except the home runs of Hieronymous and Atchison.

MATRIMONIAL

Pickering-Yates. Brief mention was made yesterday of the notable wedding ceremonial of Miss Catherine Yates and Mr. J. L. Pickering, Jr., in Springfield. The following notice of the wedding is from the State Journal: Married, at 8:30 o'clock Wednesday evening, May 20, 1914, at the home of the bride's parents in Williams boulevard, Rev. Julian S. Wadsworth of Providence, R. I., an uncle of the bride, assisted by Rev. Donald C. MacLeod, pastor of First Presbyterian church, officiating, John Lyle Pickering, Jr., son of Mr. and Mrs. John L. Pickering, and Miss Catherine Yates, daughter of former Governor and Mrs. Richard Yates.

The wedding was one of the most charming affairs of the season. The bride was attended by her sister, Miss Dorothy Yates, as maid of honor; the Misses Mary Wadsworth of Jacksonville and Ry Petefish as bridesmaids. Paul Pickering, a brother of the groom, acted as best man. The groomsmen were Carl Luers, William Baker and Waldo Ackerman.

Miss Ethel Strickland of Chicago presided at the piano, playing the wedding march from "Lohengrin" as the party entered the hall where the ceremony was performed. Preceding the ceremony Mrs. Carrie Jacobs Bond of Chicago sang "Perfect Day" and "I Love You Truly," pieces of her own composition. Mrs. Bond has dedicated several of her favorite pieces to the bride. During the ceremony John Taylor, violinist, played softy "Liebestraus."

The bride was charmingly gowned in a creation of heavy white satin, trimmed in real point lace, that was used on the wedding dress of her grandmother, pearl and orange blossoms, made with a court train. Her veil was of silk net caught up with orange blossoms. She carried an arm bouquet of bride roses and dillies of the valley.

Her going away suit was of blue serge, with hat and gloves to match.

Her sister, Dorothy Yates, as maid of honor, wore a creation of rose colored charmeuse, with trimmings of real lace, draped in rose tulle. She carried white peonies. The bridesmaids wore gowns of white lace with bolero jackets and puffs of white satin. They carried bouquets of pink neolies.

Mrs. Yates, mother of the bride, wore a gown of real lace, with a touch of pea green satin. Mrs. Wadsworth was attired in a creation of black chiffon, made decollete, with diamond ornaments. Mrs. J. L. Pickering, mother of the groom, wore a gown of white embroidered crepe, with a diamond ornament. The little flower girl, Jeanette Salzenstein, wore a white embroidered dress, white shoes and stockings, and carried a basket of rose petals, which she strewed in the path of the bride.

Following the ceremony a reception was held at the home of the bride's parents, at which more than 250 persons attended.

Mr. and Mrs. Pickering left for Detroit, Mich., and other northern points in their wedding trip and will be at home in a short time in Springfield. While in Detroit they will be extensively entertained by friends of Mr. Pickering, he being a former resident of that place.

Among out-of-town guests were Mrs. Chas. Fitzgerald, Pekin; Mrs. Carrie Jacobs Bond, Chicago; the Misses Wadsworth, Jacksonville; Senator and Mrs. J. Hamilton Lewis, Washington, D. C.; Mrs. John Davis, Rudolph Patterson, Vera Strickland, Marjorie Becker, all of Chicago; Mrs. Alfred Capps, Eleanor Capps, Mr. and Mrs. F. H. Rowe, Richard and Millicent Rowe, Mrs. John R. Davis, the Misses Davis, Mr. and Mrs. F. J. Andrews, Mr. and Mrs. Harry Chenoweth, Mr. and Mrs. George Orear, Martha Hayden, Edith Jordan, all of Jacksonville.

The gifts were numerous and beautiful. Among them were gifts from city and state officials. The city commissioners presented the young couple with a case of 75 pieces and Governor Dunne and family with a neat table.

Both young people are popular in social circles of Springfield. The bride is an artist of much talent, having studied abroad under teachers of note.

Mr. Pickering graduated from the Springfield high school in the class of 1906. He entered the engineering course at Illinois university in that year and in a two years' course acquired a general engineering education, except mining, which was not taught at the university at that time.

He graduated from the Missouri School of Mines in 1910 with a degree of B. S. in M. E. While there he represented the school in the weight events on the track team.

The year following graduation he was located in Arizona and Colorado, where he acquired a practical education in his profession, but was compelled to abandon it temporarily on account of the loss of hearing, caused by a premature explosion of powder.

The next two years he spent in the automobile business, from factory and salesroom to the management of the Ajax Motor Sales company, which latter position he held up to Nov. 1, 1913, at which time he accepted the position of deputy collector in the internal revenue office.

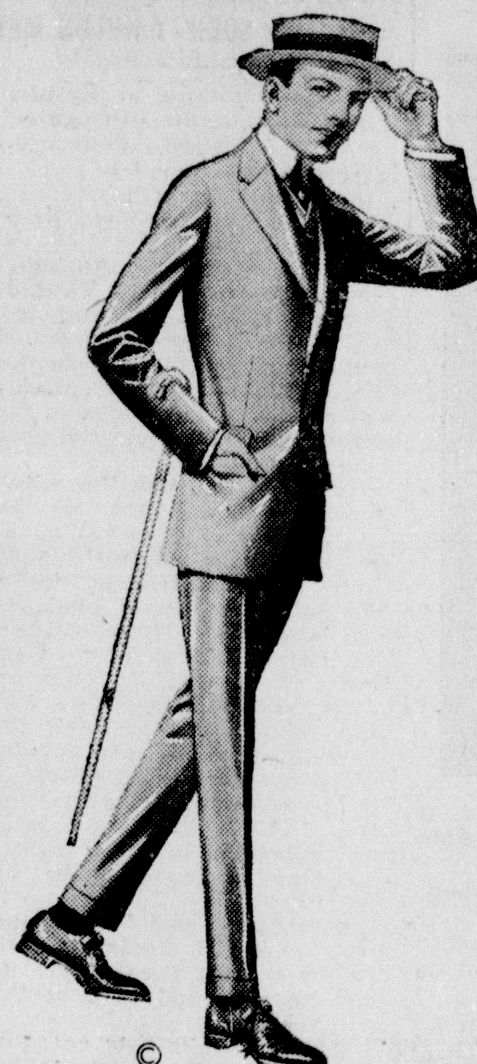

Mr. Pickering expects again to enter his professional duties June 1.

He is a member of the Sigma Nu college fraternity, Illini Country club, Sangamo club, First Presbyterian church, and a Mason.

His father, John L. Pickering, Sr., is United States internal revenue collector.

HAVE PICTURES TAKEN. Commissioned and non-commissioned officers of Co. A, 1 N. G., had their pictures taken Thursday afternoon, dressed in full uniform.

Miss Mae Koynne was a Thursday visitor in the city from Murrayville.

It takes more than a piece of chalk and a tape-line to produce originality in clothes.

That's why some makers find their styles such a hit-and-miss proposition. True style must be genuine throughout—not a mere echo of someone else's genius.

"Society Brand" Clothes have won the custom of punctiliously dressed men, simply because their style sparkles with the force and personality of a master-designer.

SUPPER AT WESTMINSTER

The Cafeteria supper given at Westminster church last night under the auspices of the Ladies' Aid Society was well attended. Supper was served from 5:30 o'clock until 8 o'clock and the menu was an excellent one. The arrangements were such that all persons selected just the things they wanted, were served and then within a flag surrounded enclosure found seats at handsomely spread tables. Mrs. George C. Guthrie was in charge of the general arrangements and was assisted by various members of the society. The supper was successful in every way.

MASKED MEN ROB BANK.

Millerton, Okla., May 21.—Two masked men today forced the cashier of the Bank of Millerton to give them all the money in the vault, about \$5,000 and after marching the bank official and several men out of the building escaped on horse back. Poses were started in pursuit.

CHARLESTON, W. VA., MAY 21.—

Because they were hungry, Mrs. Kelley Harmon and her daughter Fay today agreed to commit suicide. The girl gave poison to her mother and swallowed some herself dying almost instantly. The mother repented and called a physician who arrived too late to save the girl.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Diseases, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, April 29, 1914, one day only; (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville, Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain in the hands and feet? Have you a dull, dragging pain or ache in the body, back or limbs? Have you Rheumatism? Have you Flatula? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT. Come early as patients are always crowded. A timely call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., 796 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of blood, sour stomach, headache, dizziness, loss of appetite, drowsiness and heavy, bad feeling in the head.

GOODS YOU CAN RELY ON
